Just Cause 2 Multiplayer Mod. mod Just Cause 2 Multiplayer Mod. mod Just Cause 2 Multiplayer Mod. mod — A Philippine lawmaker on Monday called for the immediate withdrawal of all U.S. forces in the country, in an unusually blunt attack on the U.S. military's presence in Southeast Asia. Senator Antonio Trillanes made his call during a meeting with Philippine military personnel as the U.S. military and a small number of local troops are conducting joint patrols along their boundaries. "We do not have time to waste," Trillanes said. "We should pull out all our troops." The senator's remarks came a day after President Barack Obama condemned human rights abuses in Burma, where tens of thousands of ethnic minority protesters have been protesting a military crackdown on several cities in the country's western state of Rakhine. Obama said any action in Burma would be balanced against its efforts to promote human rights. On Sunday, U.S. forces in the Philippines dropped leaflets on two Muslim regions, warning that landmines, weapons and ammunition were being illegally trafficked. The military and police have been battling militants for decades in the southern Philippine city of Marawi. Obama said the U.S. military presence in the country was for training and coordination. He said the U.S. military presence in the Philippines was limited and "important for regional security and peace and stability." Trillanes said the U.S. presence in the Philippines should end. "Just imagine if Iran has a military base in our country," he said. "In just three years it already has over 1,000 U.S. personnel in the Philippines." The Philippines has a large Muslim minority concentrated in the southern Mindanao region. Islam is the state religion in the Philippines and almost all Filipino Muslims are moderate. Manila fears Islamic militants from the Middle East and Southeast Asia may be training Muslim Filipinos to wage violent attacks in the country. The U.S. military presence is small, with just about a handful of troops. Their patrols have led to a series of confrontations between the U.S. forces and a group of vigilantes aligned with a former military officer who is now seeking the presidency, Manny Villar. The foreign troops would be restricted to bases in the Filipino provinces of Zamboanga Sibugay
